EDUCATION

Degree	Institute	Score	Year
B.Tech, CSE	Indian Institute of Technology, Jodhpur	8.39 / 10	2024–Present
Higher Secondary	Atomic Energy Central School No. 2, Mumbai	97.6%	2024
Senior Secondary	Pace Junior Science College, Mumbai	92.33%	2022

EXPERIENCE

Undergraduate Student Researcher, Dept. of CSE, IIT Jodhpur **Aug 2025 – Present**
Supervisor: Dr. Palash Das

- Led the design of **2** custom ML accelerator architectures using hardware–software co-design, achieving **10–15% inference latency reduction**.
- Conducted in-depth profiling across **multiple inference pipelines** to isolate **3+ compute and memory bottlenecks**.
- Validated power–performance trade-offs across **5+ workload configurations** using cycle-accurate simulation models.

PROJECTS

EV Route Optimization System **2025**
C++, Graph Algorithms, OpenStreetMap, React

- Engineered a C++ route-planning engine over real-world OpenStreetMap data (**150k+ nodes**) using Dijkstra's algorithm.
- Designed an EV-safe routing mode enforcing charging constraints at fixed distance intervals.
- Optimized path computation to **O((V+E) log V)** and documented algorithmic design choices.

Quant-Enthusiasts Risk Engine **2024**
C++, Financial Modeling, Data Structures & Algorithms

- Constructed a deterministic financial risk engine evaluating **5+ risk metrics per instrument**.
- Reduced execution overhead by **20%** through algorithmic and memory optimizations.

Single Sign-On (SSO) Web System **2024**
JavaScript, Python, REST APIs

- Designed and integrated a secure authentication system with token-based access control.
- Exposed **6 REST API endpoints** supporting login, session handling, and authorization.

IITJ Senate Portal **2024**
TypeScript, Backend Systems, Git

- Implemented backend routing and data-handling logic supporting institution-wide administrative workflows.

SKILLS

Languages: C, C++, Rust, Python, JavaScript, TypeScript, HTML, CSS
Tools & Frameworks: Git, GitHub, Docker, Linux, REST APIs, PyTorch, NumPy, Pandas
Core Competencies: Systems Programming, Graph Algorithms, Performance Optimization

CAMPUS INVOLVEMENT & LEADERSHIP

Support Team Member, Career Development Cell (CDC), IIT Jodhpur **Aug 2025 – Present**
Coordinated placement and internship operations impacting **1000+ students**.

Organizing Committee Member, Sandstone Summit 5.0 & Prometeo (Techfest IIT Jodhpur) **Aug 2025 – Sep 2025**
Planned logistics, on-ground execution, and digital assets for institute-wide events with **500+ participants**.
